

The Fret Board Building

Bass Guitar Notes Fretboard

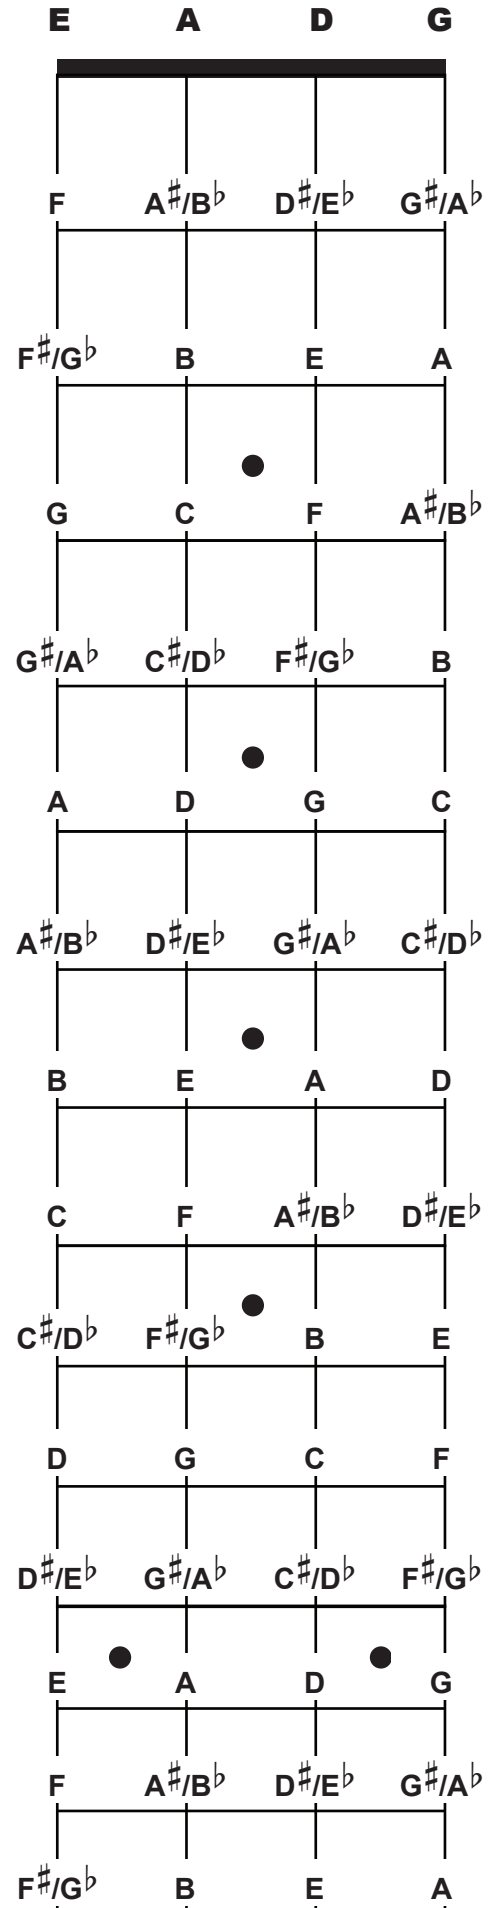

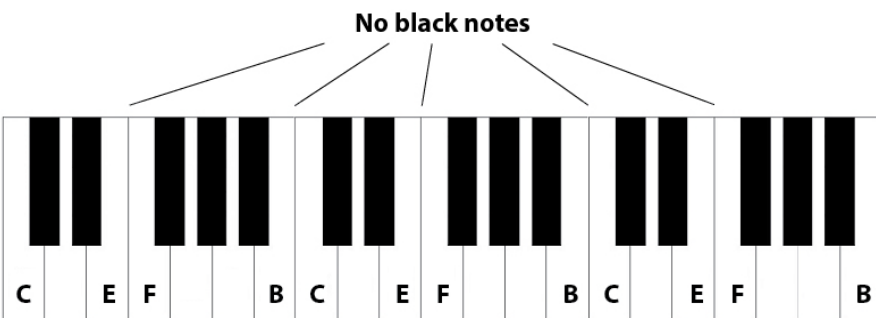

Order of Notes

This is the order of notes in music. The notes keep cycling in octaves so it doesn't matter where you start. It is a repeating pattern that is the same for all instruments:

C, C#/D^b, D, D#/E^b, E, F, F#/G^b, G, G#/A^b, A, A#/B^b, B, C, C#/D^b... etc

Observations

You will notice there is no sharp or flat note between B & C as well as E & F. If you look at a piano keyboard, it's easy to see this. There are no black keys between these notes.
